
Technical Data

Model No: DMR007

Thickness and Edge Length: Material thickness 1.50 mm

Size : Highest point 2.8 mm

Weight : 75 gr / Pcs - 2.5 kg/m2

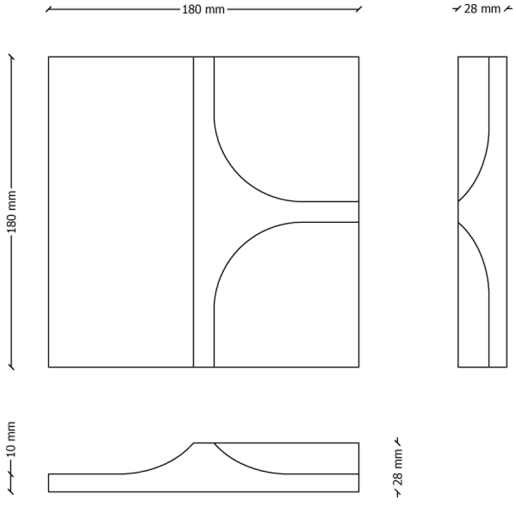
Colours : All ral code colours ar available

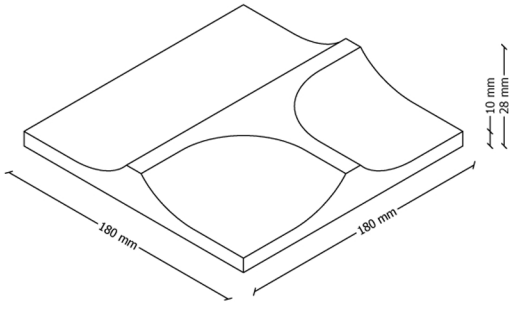
Finishes Available : Matt or glossy paints available

Material : Strengthen, light and strong copolimer

Suitebilt: Interior / Exterior use for walls and ceilings

All measurement units are in mm.





General Performance Data

Flammability	Surface Quality	Flexural Strength	Size Accuracy	Temperature Resistance	Thickness Accuracy
UL94 / V-0 (Optional)	A1	ISO178 / 63MPa	+/-0,05%	-40/+85 °C	+/-0,005%
